## WOULD SUSPEND DEBT LIQUIDATION BY ALLIED GOVTs.

New York Banker Urges International Moratorium During Reconstruction

MONEY RATES LOW BUT FOOD PRICES ARE HIGH

Cost of Reconstruction is One Reason Favoring Such Action

(ASSOCIATED PRESS TELEGRAM)  
Paris, Jan. 7.—Substantially one half of the draft of the constitution for the society of nations has been covered by the chief conference commission dealing with this question it was officially announced today. In approving a number of additional articles of the draft, the commission reached an accord, it is stated on certain questions of the greatest importance concerning the positive functions of the league.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Feb. 7.—William Allen White of Emporia, Kans., and Professor George Davis Herron, have been appointed the American delegates to the Marmora conference with the Russian factions.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Wednesday, Feb. 5.—In advocating the temporary suspension of liquidation by the governments to one another, which would mean an international moratorium between the governments in order to give the nations breathing time, Alvin W. Kress, president of the Equitable Trust company of New York, who has been studying the financial situation in Europe, declared:

"The interdependence of the nations of the world after this unparalleled calamity must be obvious and therefore the situation in France, the center of the conflict, is of vital interest to us."

"The enormous inflation of the currency has created a temporary and purely fictitious plethora of money, and while the rates for money are quibbly low, food and commodity prices are well nigh prohibitive."

"This is coincident with the severest restriction of commercial credit."

"Negotiating for the time the indebtedness of France to her allies—offset to some extent by the deferred collectible obligations of Belgium, Russia, the Balkans, and others held by her investors—we find on the liability side of the ledger the cost of reconstruction, the return of her monetary circulation to an approximately normal basis, the resumption of her coal and iron production, and the development of industries in the restored provinces, the re-establishment of her merchant marine, raw materials of all sorts, foodstuffs, and lastly, the transformation and regrouping of her vast military establishment into contented industrial communities. This transformation is susceptible of accomplishment with less friction by her than in any other of the belligerent countries."

**TERRITORIAL CONFLICTS APPEAR AT PEACE MEET**

(ASSOCIATED PRESS TELEGRAM)  
Paris, Feb. 7.—The number of territorial conflicts now making their appearance in peace conference circles, it is said in some quarters, is attributable to the prospects of an early realization of a society of nations plan which will involve the examination of all such claims by a legal tribunal of the society for adjudication, with due regard to the wishes and welfare of the inhabitants of the districts in dispute.

The community of interest of some nations in certain questions has led to hints of co-operation among those nations to make up a majority in the conference. Gossip in the corridors even mentions threats of resistance to any decisions adverse to those interests.

The special commission working on the society of nations plan is not moved by these rumors, however, and is going about its work quietly and rapidly. At the same time the supreme council in short daily sessions continues its policy at hearing patiently all claims and generally referring them to special or standing committees for thorough examination although this procedure, it is understood, is not entirely agreeable to all the powers interested.

The Russian problem again will come to the fore today in connection with the acceptance by the Moscow Bolshevik government of the invitation to the conference on the Prussian Islands. In some quarters the action of the Moscow government has been hailed with satisfaction and relief in view of the promise it gives an immediate termination of Bolshevik attacks on the little allied army in the Archangel sector.

Small crowds are beginning to assemble around the foreign office where the supreme council meets but they do not distract the members.

Experienced diplomats say that what surprises them is that the proceedings have been so remarkably harmonious in the view of the multiplicity and the complexity of questions.

**TOLEDO READY FOR REGIMENT'S OVATION**

(ASSOCIATED PRESS TELEGRAM)  
Toledo, Feb. 7.—Adorned in her best bib and tucker, Toledo today awaited the arrival of the drafted men she sent into the 329th infantry 18 months ago.

A delay at Camp Mills and Buffalo postponed the arrival date so that the boys will not reach here until after midnight. A parade, reception and banquet will be staged Saturday morning, after which the 1,600 soldiers will move to Camp Sherman to be mustered out.

## DEMPSEY WILL SIGN FOR WILLARD BOUT

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 7.—Jack Dempsey, who will oppose Jess Willard for the heavyweight boxing championship of the world, arrived in New York late last night and will sign the articles for the fight on July 4th late today. The place where the bout will be held has not been decided upon, according to Tex Rickard, the promoter.

## SUES PATROLMAN FOR ASSAULT; ASKS \$5025

Frank Rakey has filed a damage suit in common pleas court against Charles De Witt in the sum of \$5,025.50. The petition recites that the defendant with others went to the home of the plaintiff at 2:30 o'clock in the morning on January 24, broke into the home and assaulted and beat the plaintiff, so that he was compelled to secure medical attendance and was unable to perform his duties for several days.

De Witt is a local patrolman and the suit follows one brought in a justice court for assault by Rakey, when the officer was in search of a young man wanted by the government.

## SAYS OLD ORDER IS GONE FOREVER

Premier Ebert Tells Germans, Assembly Will Form Empire of Justice and Truth.

(ASSOCIATED PRESS TELEGRAM)  
Weimar, Thursday, Feb. 6.—The old order in Germany has gone beyond recall and the people now are determined to rule themselves, declared Friedrich Ebert, the chancellor to order here this afternoon.

"We call on the old German spirit of Weimar," he said. "We will be an empire of justice and truth."

The chancellor opened the proceedings of the assembly at 3:15 o'clock. He was received with applause as he advanced for the ceremonial.

In opening he addressed the assemblage as "ladies and gentlemen"—a form of address never before heard in a German legislative body.

The chancellor's speech was an earnest appeal for unity and uniting labor.

Herr Ebert said he had the decision of German-Austria to bring about that national unity of the German races which alone can afford a guarantee of flourishing and economic life."

The assembly, 397 members of which were present, adopted the old standing orders of the Reichstag as temporary rules of procedure. The assembly will meet again tomorrow.

## YANKEE SHIPS TO STEAM UP RHINE

Rotterdam Will Be Used as Base, It Is Announced in Paris by Officials.

(ASSOCIATED PRESS TELEGRAM)

Paris, Thursday, Feb. 6.—American ships will soon steam up the Rhine, using Rotterdam as a base, according to information made public here today. It is announced that the transport of Americans to their homes is progressing as rapidly as possible and that during February the number of men to be taken to America would be considerably augmented.

The health of the American soldiers in France is excellent and their morale is the highest. They show willingness to re-enter the fray if occasion demands, there being a strong apparent that the war ended too soon for some of the more adventurous ones, although all are content to accept the situation.

The number of cases of influenza among the troops is negligible. The excellent physical standards set by the American army guaranteed the men against disagreeable effects from the climate and the hardships of campaign.

## FIVE TRANSPORTS TO BRING SOME OHIO MEN

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 7.—Sailing of five transports from France with about 200 officers and 5,500 men consisting mainly of former National Guard units was announced today by the war department, including elements of the 16th infantry, 41st division, which was released from the second Marine infantry and parts of the third district of Columbia infantry and the 161st infantry, which was made up from the Second Washington infantry and parts of the third district of Columbia infantry.

The cruiser Huntington is due to arrive at New York Feb. 15 with the supply company, machine gun company, third battalion headquarters and companies I, K, L and M, of the 161st infantry, bound for Camp Dix; the first battalion headquarters and companies A, B, and C, of the 161st infantry, also for Camp Dix, the 164th ambulance company and causal companies for Ohio and Pennsylvania.

The Heredia due of New York Feb. 20 is bringing detachments of base hospitals numbers 14, 15 and 66.

The F. J. Lincoln will arrive at New York Feb. 26 with a few causal officers.

The Mercury is due at Newport news Feb. 16 with the 9th regiment coast artillery complete.

The steamer Europe, due at New York Feb. 16 and the F. J. Lincoln due at New York Feb. 29 bring a few causal officers.

**WILL RETURN IN APRIL**

According to the latest word from Frank Johnson, former secretary of the local Y. M. C. A., he expects to return to this country in April. When Mr. Johnson will return to Newark to resume his duties is not known.

## EMPLOYES URGE PROFIT SHARING BY RAILROADS

Want Government Ownership But Private Operation by Corporation

## CHICAGO MAN SUGGESTS SOLUTION FOR PROBLEM

Would Provide Cheaper Financing and Promote Operating Efficiency

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 7.—Railroad labor interests today proposed government ownership and private operation by one large corporation, co-operatively organized and sharing profits with employees, as their solution of the railway problem.

Testifying before the senate interstate commerce committee on behalf of the four leading trainmen's brotherhood and other employee's organizations, Glenn E. Plum of Chicago, recommended that the government acquire all railroad property at a price fairly representing the physical valuation, and entrust the operation to a corporation to be directed jointly by employees, officers and the government. Earnings would be divided equally among employees and the government and rates would automatically be reduced when profits amounted to more than a fixed rate.

This suggestion had been called by Mayor Atherton, as an opportunity for public expression and help relative to the unemployment situation, and to other civic matters of mutual benefit.

The directors of the Chamber of Commerce who had a meeting scheduled for the evening, adjourned and attended the meeting at the city hall.

Senator William Miller was present and told of the bill introduced by him for the purpose of re-investing funds and giving financial help to the cities. It developed that a similar bill had been introduced in the senate by Moses Blau, attorney for the state bureau of examiners, and it is probable the Miller bill will be withdrawn and the Blau bill supported. Senator Miller informed the meeting last night that it was his desire to accede to the wish of his constituents.

The matter of the subway construction and the subway funds was discussed pro and con at a large meeting of business men, professional men, members of trades, and representatives in the Chamber of Commerce, last night in the council chamber.

The matter of getting the railroads to push the construction of the subway was then the general topic of discussion. It was unanimously felt that work now would give a double relief.

Manager Appleyard of the Chamber of Commerce, has been in communication with Washington seeking to get the government's assistance in pushing the construction.

Mayor Atherton named a committee which is instructed to take up the question of the construction of the subways.

A meeting of this committee has been called for Monday evening at 7:30 o'clock at the council chamber in the city building. It is probable that a subcommittee will be named to call on Governor Cox and probably the railroad administration at Washington, with a view of securing the co-operation of these officials in ordering the construction work to proceed.

The committee named by Mayor Atherton was as follows: W. H. Smith, Henry Aschford, Sid Smith, Charles Stasel, J. R. Ashbrook, Morris Ankele, Wm. M. Morgan, Wm. Wulffhoop, Harry Miller, Fred Vogelsohn, C. H. Cole, Rev. B. M. O'Boyle, Phil Baker, J. R. Fitzgerald, Roderic Jones, Ralph Norrell, Frank Bolton, Wm. E. Miller, Henry Schnadt, T. Appleyard, Jr., E. ## CHOOSE NON-PRUSSIAN TOWN FOR MEETING OF GERMAN ASSEMBLY

Weimar, capital of the grand-duchy of Saxe-Weimar-Eisenach, 50 miles southwest of Leipzig and 141 miles southwest of Berlin, known as "the poets' city" and "the German Athens," was chosen for the gathering of the first German National Assembly. It is said, because it is a non-Prussian town. It is situated in a fertile valley on the river Ilm, a small tributary of the Saale, and has a population of over 50,000.

Here amid the old buildings that remain vestiges of the medieval past, the representatives of the German people, elected on January 20, assembled to accept, reject or amend the draft of a Constitution which has been prepared by the liberal government and to form, perhaps, a union of states on the modern American principle.

Sleepy old Weimar, famous as the home of Goethe, Schiller and Hizot, is said to have existed more than 11 centuries. Under Charles Augustus, Grand Duke of Saxe-Weimar-Eisenach, the town became a center of Liberalism as well as art. Its most important building is the Palace, described as "a large structure forming three sides of a quadrangle, erected (1789-1803) under the superintendence of Goethe" only a remnant of which, however, with a tower, is still standing.

It contains a series of rooms dedicated to the poets Goethe, Schiller, Herder and Wieland, all of which are decorated with mural paintings. Nearby is the house where Goethe lived from 1782 to 1832, a home of luxury for that day, built as a gift to the poet by Charles Augustus and presented to him by his patron upon Goethe's return from his Italian tour.

Houses with high-pitched gables give the town a picturesque appearance, while the narrow winding streets of the older portion of the place, and the vestiges of the medieval walls, continually remind the visitor of its historic character.

The Stadtkirche, or parish house of worship, a Gothic structure dating from about 1400, is a building of rare interest. It has been slightly modernized but enough of the original edifice remains to show its age and classic outlines.

Among the notables whose tombs are beneath its roof are those of the princes of Saxe-Weimar-Eisenach, including the elector John Frederick the Magnificent and his wife, and Duke

Bernhard of Weimar, a hero of the Thirty Years' War. "The altar piece is a triptych," one writer says, "the center piece representing the crucifixion, besides the cross stands Martin Luther, an open Bible in his hand, while the blood from the pierced side of the Savior pours upon his head."

Another great church is the Jakobskirche, or court church, whose church cemetery contains the graves of Lucas Cranach, the artist, and Joachim Musaeus, an author of German folk lore. Another burial ground contains the grand ducal family vault, in which Goethe and Schiller also lie, side by side. Bronze statues of both poets, the work of Rieschel, and grouped on one pedestal, stand in front of the site of a theatre built in 1825, under the direction of Goethe, a time memorable as the "golden age of German drama."

Here many of Wagner's compositions were first given to the world. In 1907 the old structure was replaced by a new building.

The genius of Goethe and Schiller characterize Weimar in other forms of civic beauty. Goethe, some years before his death, laid out a large public park in the form of a garden and with an enclosure of any kind. There a quaint relic of its originator remains in the stone altar round which a serpent climbs to eat the votive head. Upon the altar is an inscription to the "genius hupis loci."

Statius of Wieland, who came to Weimar as the tutor of Grand Duke Charles Augustus in 1772, the composer Hummel and Franz Liszt are among the other public embellishments of the city. The Grunes Schloss, built in the 13th century, and containing 200,000 volumes, is an interesting library and contains also a valuable collection of portraits, busts and literary and other curiosities.

Other public buildings are the Wittenpalais, the old ducal dower house, containing Preller's famous mural paintings of the Odyssey; the Goethe-Schiller-Archiv, an imposing edifice at an eminence above the river Ilm, in which are treasured manuscripts by famous German writers; the Listz Museum; a gymnasium; a Realschule, or school for girls, founded by the Grand Duchess Sophia; a grand ducal school of art; technical, commercial and music schools, geographical institute, teachers' seminaries and other institutions of learning.

### TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES.

If you have Catarrhal Deafness or are hard of hearing or have head noise, go to your druggist and get 1 ounce of Parment (double strength) and add to it 1/2 pint of hot water and 1/2 teacupful granulated sugar. Take one teaspoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take.

Any one who has Catarrhal Deafness and head noise should give this prescription a trial. T. J. Evans (Adv.)

## When the "Robert E. Lee" stopped at Aunt Jemima's cabin

Once on the famous Mississippi River steamer, the "Robert E. Lee," an ex-general of the Confederate Army was traveling. Passing Aunt Jemima's cabin on the shore he told some Northern travelers of the many times he'd eaten her delicious pancakes.

"The boat stops here, let's get off and have some now," they all urged. And so they did. And thus the fame of Aunt Jemima's Pancakes reached the North.

With Aunt Jemima Pancake Flour, made from Aunt Jemima's own recipe, you can have the same wonderful pancakes today—pancakes just as golden-brown, fragrant and tender. Everything to make these pancakes is already in the Aunt Jemima Flour—in the red package, Aunt Jemima Buckwheat Flour in the yellow package.

The little fur cap this winter is slanted forward, not backward, on the head, almost eclipsing the eyes in front and revealing waves of nicely waved hair at the back. Most of these small fur hats are elongated in shape, rather than perfectly round, and they are light and dainty in outline, never being a bulky silhouette to the head. The smartest ornament for a fur hat seems to be a tiny, sparkling, thin stone pin not more than an inch long which nestles in the fur at one side of the front.

## THE REGULAR ARMY.

One of the problems now coming up before congress is the question of reconstituting the regular army. The American people dislike militarism, but an army somewhat larger than its strength before the war will be generally desired. The country will never draft men to serve in peace times. It is then a question of making service popular, so there will be enough voluntary enlistments.

Even for the relatively small army as it existed before the war, it was hard to get men enough. Every post office in the country was placarded with posters urging men to enlist, and dwelling on the comforts and pleasures of army life. The pay of \$15.00 a month given a private at the beginning of his service was not attractive.

Of course this pay was better than it looked. A man was provided with about everything he needed. The \$15.00 was practically for spending money. Now the lowest rate of pay is \$30.00 a month, with increases every three or four years, and final retirement in 30 years with three quarter pay and some allowances.

A fellow who goes through the 30 years will be better off than many others that have earned very much more. But whether enough men can see it is a question. The pay will have to be made enough to get the men. It is reported from the cantonments that a good many drafted soldiers would be willing to stay on as regulars. The life does not look attractive to men of a certain type. It should be made as pleasant as possible, with all the home comforts that can be supplied.

Uncle Sam is going to want a sizable army for the troublesome and uncertain days now ahead. A good class of men is wanted, who will bear themselves with dignity worthy of their government, and keep up American reputation wherever they are sent.

The removal of numerous billboards from poles in the center of town is a move in the right direction. Let's stop tacking billboards upon the poles, remove those unsightly trash receptacles and replace them with newly painted boxes suitably lettered?

Canada beats Ohio to it. The dominion is to be wholly bone dry May 1st. The importation and manufacture of liquor is entirely prohibited and the sale is forbidden now in all of the provinces with the exception of Quebec.

Why not remove the unsightly "stationary policemen" on the west and east side of the public square and erect in their place standards that are in keeping with the standing of Newark?

If one has a few dollars to invest there is no safer or better place to put it than in Uncle Sam's hands. Buy war savings stamps at the February price of \$4.17.

The President has been gone a month so far and the vice president has had nothing to do but wake up the senators when they get to sleeping.

## NOVEL INSTRUMENTS USED BY BELL RINGERS

A unusual and entertaining musical program will be given in the First M. E. church on the afternoon and evening of February 17, when the Swiss Bell Ringers will be heard. This is sure to attract a large audience as a more popular company would be hard to find.

The company uses the xylophone, marimba phone, Hungarian dulcimer, organ chimes, Swiss hand-bells, musical aluminum tubes, and a great many other novelty instruments, besides the violin, cello, harp, viola, banjo and saxophone. Many of the instruments represent different countries and different ages. A short explanation of the different novelties is given just before they are played and proves to be very instructive and interesting.

The program will consist of classical standards and popular music and is sure to please everyone. The hearty receptions accorded this organization all over the country are due not only to the fact that they are skilled musicians, but to the personal magnetism of each member.

**HAD ONE TRIP "OVER  
THE TOP" BEFORE END**

Private Harry Milligan of Company L, 317th infantry, a former Newark boy, got a late start on his journey to war. Berlin, but despite that fact he got into action and had one trip over the top and helped to bring in a few Germans, according to letters written to his sister, Mrs. Charles Dile of Pine City, Minn., formerly of Newark.

Milligan arrived in France only a short time before the armistice was signed, and in his brief experience at the front, he escaped injury.

"The weather is pretty nice here now," his letter says. "We had a little snow on two different days. As for rain, it rains all the time. I sure will be glad when we can get out of this country, for I don't like it and this is sure some dead place where we are stationed now. All I do is drill, sleep and eat. But this town is as good as any of the rest over here. They are all the same. I don't know when I will get home, but I think we will sail by March, anyway."

# No Medicine-Chest Without Its Family Laxative

From the baby to the grandparents a good laxative is the necessary medicine in the little ills. It wards off serious sickness and saves doctor's bills. Many a cold has been prevented from running into grippe and pneumonia by its timely use.

Many a racking headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepson. It is a laxative-tonic that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsis and similar ills.

The druggist will refund your money if it fails to do as promised.

## RESTFUL SLEEP FULLY RESTORED BY NERV-WORTH

J. L. Higgins Tells How This Family Tonic Brought the Blessing.

At the Nerv-Worth drug store in Huntington, W. Va., Mr. Higgins declared he would often lie awake for hours at a time before Nerv-Worth put him in condition to enjoy sound sleep. This is the remainder of what Mr. Higgins said:

"I saw Nerv-Worth advertised for indigestion and sleeplessness and I decided to try it. After giving it a fair trial I began to improve. I was paralyzed three years ago in my left side, which was the cause of my trouble. Nerv-Worth has been the best tonic I could get to make me sleep well and tone up my stomach. In fact, I can walk better then when I began taking Nerv-Worth and I believe it was Nerv-Worth that did it."

"R. F. D., Huntington, W. Va." T. J. Evans sells Nerv-Worth in New-ark. A dollar back if this famous family tonic does not benefit you.

Late, retarded functioning throws the whole day's duties out of gear. Keep the system cleansed, the appetite lively, the stomach staunch with Dr. King's New Life Pills. Mild and tonic in action. Sold everywhere. 25c.

### Use Cocoanut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful.

Just plain unslidied cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, hair, gruff and excessive oil. The hair thus looks quickly and evenly, and it leaves fine and silky, bright, fluffy and easy to manage.

You can get unslidied cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## ALLISON VISITS CAVE USED BY JOAN OF ARC

Mr. and Mrs. J. Byron Dickinson of Maple avenue have received a letter from Mrs. Dickinson's cousin, Raymond D. Allison, stationed at St. Alman, France, in which he says he has left the hospital and is ready to sail for the United States. Allison was with the Rainbow Division, and was wounded in battle. His letter follows:

"I am out of the hospital at last, and what you might term on my way to the States, as St. Alman is the half-way station to the port. I have been here for three days, and perhaps will be here for a few weeks, when we will be organized into casual companies and sent back to the states."

"This is sure some place here. There is mud 'up to your ankle, and a mess line about a half mile long. We spent about five hours a day in line for our meals. To make a long story short, everything is as comfortable around here as a broken leg."

"I was up to visit some caves in the hills this morning, where Joan of Arc kept her army. It was surely an interesting place to visit."

the Red Cross and the Y.M.C.A.*

More than four thousand Delco-Light plants were delivered for war work. They were used to supply electric light in camps, storehouses, hospitals, Y. M. C. A. huts, airplane hangars, sub-chasers and other branches of the service.

*In Red Cross hospitals at the front, Delco-Light operated life-saving X-ray apparatus.*

Delco-Light was specified by the Government because it is dependable, efficient, simple to operate—requires little attention, and because it is AIR-COOLED.

The result of Government tests and the satisfactory use of Delco-Light on over 60,000 farms are your assurance that Delco-Light will give you the same dependable service.

It betters living conditions—increases farm efficiency, and soon pays for itself in time and labor saved.

How American Soldiers at the Front Were Supplied by the Commissary With Food.

FIGHTERS GOT THEIR "EATS".

The service of supply of the American army receives a lion's share of praise for our victory. Needs of men in the trenches and on the fighting line were well cared for. Hot meals were served to them to an extent unprecedented in any other war. However, hot food could not be carried forward. To meet this difficulty sealed containers were provided, each holding sufficient food for 25 men for a day. These containers were absolutely air tight to prevent poisoning of food by gas. They contained a dry, hard corn bread, corned beef, corned-beef hash, roast beef, salmon, sardines, salt, sugar and coffee soluble in cold water, together with the necessary can openers. Each container weighed 107 pounds and was cleverly camouflaged for its trip to the firing line. An standard emergency ration similar to the "iron emergency" of the British army was provided for the Americans. This was the ration they carried over the top and used only in dire extremity. It consists of ground meat and wheat pressed into a cake, and a block of sweet chocolate. The cake can be eaten dry or stirred into cold water. One cake boiled four minutes in three pints of water makes a nourishing soup, in one pint of water an acceptable porridge. The S. O. S. relied upon its mighty accumulation of foods from America for everything except fresh vegetables. It was almost independent in this respect, however, for 16,000,000 pounds of dehydrated vegetables were contracted for in the United States—Thomas F. Logan in Leslie's.

## "PLAYTHINGS"

THE MOST DARING SENSATIONAL DRAMA EVER WRITTEN

The story of the play hinges around the affairs of two young girls whose struggles to make a livelihood in New York lead them into many trials and temptations. One emerges wholesome and clean, and the other chooses not wisely nor well. It is the ultimate redemption of this girl's life that gives the play its moral lesson and places it as one of the big literary achievements of modern play writing.

## AUDITORIUM.

"Love's Conquest."

Appearing in one of the most remarkable picture productions ever seen in this city, Lina Cavalieri, the beautiful Paramount star, and world-famed diva, was seen in her splendid portrayal of the Duchess Gismonda in the picture play, "Love's Conquest," which was presented with eminent success at the Auditorium theatre yesterday.

Madame Cavalieri is seen as a beautiful widowed ruler of the Duchy of Athens at the beginning of the 16th century, whose time is mainly occupied in caring for her son, and refusing offers of marriage made to her by the rulers of neighboring duchies. When she spurns Prince Zaccaria, a distant

cents. Seats for the evening are reserved and are selling quite rapidly.

## Made Gaby Laugh and Cry.

Imagine listening Gaby Deslys, who is light as thistle-down in her dances and as little and graceful as a stag—imagine listening Gaby, "the incomparable," to a ferry boat. When Gaby read this analogy during her last visit to this country she laughed and wept with laughter, for she thought it all very funny, even though it were in a measure, true. In the new and wonderful picture, shaped for Gaby in Paris, "Infatuation," which will be shown at the Auditorium theatre Sunday and Monday, she both laughs and

relative, who has made her a present of a magnificent lion, he conspires with a follower to kill her son in the belief that this may win Gismonda for him and make him Duke of Athens.

The last showings will be had tonight.

## "Playthings."

Interest already runs high in the announcement that Sidney Toler's sensational drama, "Playthings" is to be shown at the Auditorium theatre Saturday. Although a comparatively new play, such has been the enthusiasm with which "Playthings" has been

weeps, but with no comedy of expression; for this appealing romance by Marcel L'Herbier is a story that deeply touches the emotions.

## "Shoulder Arms."

An example of practical camouflage is given by Charlie Chaplin in his second million-dollar picture, "Shoulder Arms" to be shown at the Auditorium theatre next week, when he disguises himself as a tree stump and starts on a spying trip into enemy territory, only to be met by a small party of Hunns, seeking firewood, who promptly

this city, or for that matter in any number of other large cities in this country, I believe her appearance would lose none of their eventful character.

Of course, it is unnecessary to say she would be far too wise to attempt to demonstrate in a practical manner the assertion just made. Furthermore, the compliment to her artistry does not rest solely on the personal prerogatives which are hers, but also on the ideals of the period, which she represents in the development of music.

"She is one of the surviving queens of that great later Wagnerian and post-Wagnerian era of music interpretative geniuses in the world of music drama.

This famous singer will appear in Memorial Hall, Columbus, February 28th under management of Miss Kate Lacey. All mail orders will be filled according to date of receipt, when accompanied with money order and self-addressed stamped envelope.

## AT THE HARTMAN.

Laurette Taylor, an actress whose fame is wide among the patrons of the theatre in New York and London, comes to Hartman theatre, Columbus, next Thursday for an engagement of three days, with a matinee on Saturday, in her latest success, "Happiness," a character comedy by J. Hartley Manners, author of "Peg O' My Heart." Miss Taylor has made but one appearance in Columbus, and that on the memorable occasion last May with the all-star cast when she presented another of her successes, "Out There." Not since Maude Adams came into public view has an actress won such universal acclaim. She has succeeded in interesting the New York public in her work and her plays so successfully that she has been able to remain in the metropolis continuously for the last six years, at the head of her own company, save for one year when she played in London. In private life the wife of J. Hartley Manners, whose plays she presents exclusively, and through past achievements made financially independent, she is able to play only those characters in which she feels in sympathy.

hailed everywhere it has been shown, and so ardent has been the discussion that has followed its presentation, that it is one of the most sought after dramas on the part of managers in the country. Hence, it is another evidence of the alert enterprise of Manager Fenberg of the Auditorium that he has been so soon able to obtain this poignantly appealing drama for his excellent company.

## ALHAMBRA.

Emmy Wehlen, in "His Bonded Wife," a smart, up-to-date comedy drama of society life, will be the attraction at the Alhambra theatre today. In this picture, Miss Wehlen is supported by a cast of well known and distinguished players, headed by Creighton Hale in the leading role.

The story is that of a beautiful young society debutante who wishes to be sure that the man she marries is in love with her for her own beautiful self and not for her wealth. With this idea in view she leaves her luxurious home and lives the quiet, simple life of a girl in ordinary circumstances. The engagement runs over Saturday.

## Schertzinger Directs Ray.

Victor L. Schertzinger again returns to the direction of Charles Ray in his newest Paramount picture, "The Claws of the Hun," a story by Ella Stuart Carson and the scenario by R. Cecil Smith, which will be shown at the Alhambra theatre Sunday. The leading role of John Stanton, portrayed by Charles Ray, is one calling for the utmost skill and Mr. Ray is fully up to its requirements.

## Leaves Husband for One Year.

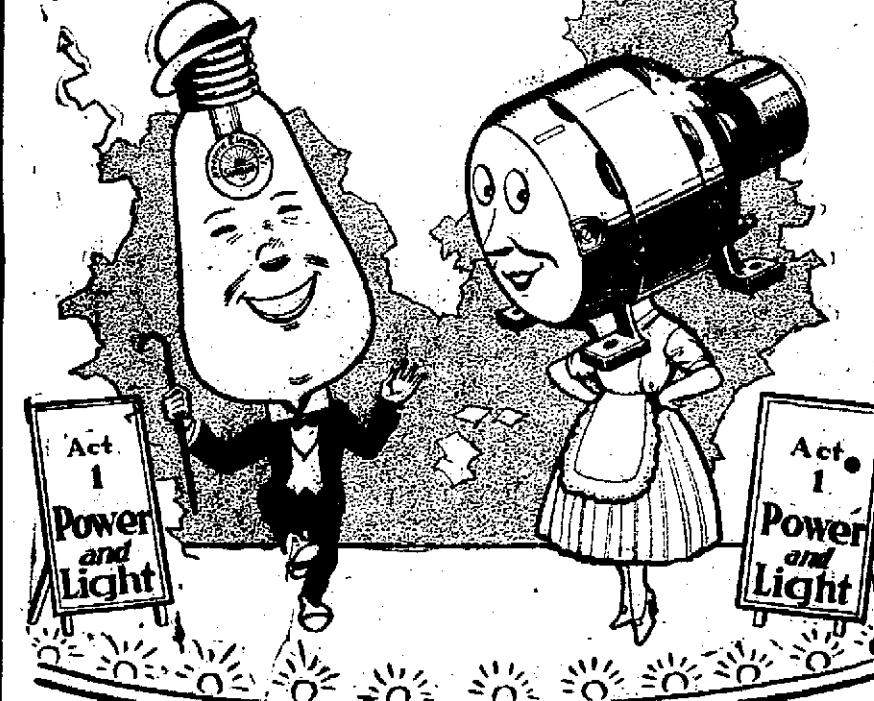

Leaving a note in which she pleads with her husband not to try to find her and promising to return after a year's absence, the wife of Trevor Lonsdale, the artist hero of the motion picture version of Victoria Cross' novel, "Five Nights," slips away in the night and succeeds in keeping her hiding place a secret for the full 12 months. This is the interesting event which makes "The Black Night," one of the most gripping series of scenes in the beautiful production of "Five Nights" to be seen at Alhambra theatre next week.

## LYRIC.

At the Lyric last night another popular house was Dan Michaels' Dixie Bells. The show, one of the big hits of the season, tonight there will be an entire change of program, and as an extra feature the Dixie Bells will present their famous grand prize cake walk. This complete will be held over for Sunday at which time they will present a jazz concert.

## SOLDIERS HAD ROAST PIG FOR CHRISTMAS

Boys in the 6th provisional depot battalion, H. O. T., stationed at Forney, France, had roast young pig for their Christmas dinner and the repast was one which stirrers in the memory of those fortunate Yankees according to a letter from W. H. Devore to his mother, Mrs. W. H. Devore, South Morristown, this letter follows:

"It has rained every day this month, except one day. We sure had some Christmas dinner—a roast pig and everything that goes with it. I see Forest Wright occasionally; I see Hay Morrison often.

"I got a new issue the other day. It

was a real U. S. locomotive—a 75 ton bandwagon airbrake, E. F. equipment heater; got it December 20. I got into a motion picture at Mehem, the number of the engine is 912, so when you may get to see the picture some."

PREMATURE CELEBRATION BROUGHT HUN BOMBER

Soldiers in France joined in the premature celebration of the signing of the armistice on November 10, and as a result invited injury from over-zealous German bombers, according to a letter written by Elwood Nash to his sister, Mrs. Corbett Foster, 51 Cottage street. "We were all glad to have things come to a close," his letter says, "in fact we celebrated too soon. On the night of November 10 we had lighted some candles and a campfire—the first light we had had for months—and it was about 10 o'clock. I was awakened by hearing someone yelling and I heard a big Dutch bombing plane coming. By the time I was fully awakened it was too late to make the dugout, so I ducked my head deep into my blankets and waited for what would come."

"He dropped four bombs into the town (Ranange, France), and fortunately hit no one. I assure you there were no more lights after that until we were sure the armistice was signed. "Well, I am feeling fine after our 165-mile hike into Germany; am now at Neuweid, Germany. We are working on a wireless set. I hold the place of an operator. We work only four hours a day, but it is strenuous work. We copy French and Dutch press. I do not think we will be home before April, but I sure hope so."

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If contorted, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

You needn't coax or tickle children to take this harmless, "fruit laxative" to give them its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grownups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

## What Union Labor Will Demand at Peace Table

The man with the hoe has broken the silence of the centuries. Almost every dispatch from Paris emphasizes the fact that the most potent voice in the reconstruction of the world after the great war is that of labor. It is speaking at the peace table itself. The laboring forces of almost every country are making demands. What every American, be he employer or employee, desires to know is what demands American labor is making and should make at the conference.

To answer this question, THE LITERARY DIGEST has asked the editors of journals voicing various phases of labor opinion in this country to give it their opinions, and the result is published in this week's LITERARY DIGEST, dated February 8th, together with the demands of English, French, Belgian, and other labor leaders. These spokesmen for organized labor have very clear ideas as to what ought to be done in Paris and Bern, and there is no doubt that this highly informative article will be widely read and discussed.

Other articles in this exceptionally interesting number of THE DIGEST are:

## Building Materials—Equipment—Engineering

For more than six years, THE LITERARY DIGEST has been the most important general clearing-house for those who need buildings and their equipment, and those who furnish building materials and technical skill.

If you are going to build a private residence, a building for industrial or manufacturing purposes, a skyscraper, a garage, or any other sort of structure, you will be interested in reading the

announcements of the building material manufacturers appearing in this week's issue of THE LITERARY DIGEST. There is a wealth of practical information in this number that is not only interesting but of much importance to every one. You will find interesting suggestions as to the construction, equipment and decoration of modern buildings.

**READ THIS, THEN DIG UP TAX TO HELP UNCLE SAM PAY WAR BILLS**

ASSOCIATED PRESS TELEGRAM  
Washington, Feb. 7.—Few people will escape doing their part in helping Uncle Sam pay his war bills, according to the provisions of the war revenue bill recommended by the house and senate conference committee. The poor man will bear a much lighter burden than the rich man. His clothing will not be taxed heavily and as his luxuries are few, he will not be called upon to contribute very heavily.

In agreeing upon war excess profits taxes (confined to corporations) the conferees struck out the house alternative plan to levy on war excess profits according to the highest yield, adopting the senate composite plan. The pre-war period standard calendar years of 1911, 1912 and 1913 were retained, as was the system of credits. Corporations with income less than \$3,000 are exempted. Other limitations are for a maximum excess profits tax of thirty per cent this year and 20 per cent in 1920, on incomes under \$20,000 plus eighty per cent in 1918 and forty per cent thereafter on incomes over \$20,000.

Estate taxes substituted for the estate inheritance levies, and imposed at rates lower than existing law. With a general exemption of \$50,000 the new rates range from one to 25 per cent on the minimum or net taxable estates under \$50,000 (after deduction of allowances) and the maximum of 25 per cent on estates of \$10,000,000 and over. The existing graduated rates range from two per cent on estates under \$50,000 to 25 per cent on those exceeding \$10,000,000, while the house proposed rates from three to forty per cent.

The provisions for taxes on telephone and other public facilities, effective April 1, largely follows the existing law, but reduces from 10 to 8 per cent the levy on seats, berths and state room accommodations in sleeping or parlor cars or on vessels, fixes the rates on telegraph, telephone, cable and radio messages at five cents on those costing 15 to 50 cents and ten cents on those above fifty cents instead of the present five cent flat charge on messages costing 15 cents and more, and imposes a new tax on private or leased telephone or telegraph wires except press wires, of ten per cent, or rentals. In fixing the passenger transportation taxes the conferees adopted a senate amendment to exempt commutation trips of less than 20 miles or fare paid under 42 cents.

Insurance taxes, effective April 1, at "virtually" existing rates, based on policies written, were adopted as proposed by the house, in lieu of the senate plan to tax insurance companies incomes.

Beverage taxes, contingent on prohibition as adopted are: Distilled spirits for non-beverage purposes \$2.20 per gallon, the present rate; distilled spirits manufactured, imported or withdrawn for beverage purposes \$6.40 per gallon, double existing law but with a "relief" provision suspending certain charges on spirits held in bond by prohibition; beer and other fermented beverages \$6 per barrel, double the present law; wines, double existing rates based on alcoholic content, also with a prohibition "relief" provision permitting distribution of wines for industrial purposes; cereal beverages, "near beer" fifteen per cent, on sales, a new tax; grape juice, ginger ale, root beer, pop, artificial mineral and carbonated waters and beverages and similar soft drinks, ten per cent, on manufacturers' sales instead of the present rate of one cent per gallon; natural mineral waters two cents per gallon, double present law.

A new tax, effective May 1 next, is one cent on each ten cents or fraction of retailers' sales of ice cream, soft water, sundae and similar confections or drinks, to be paid by consumers.

Cigar rates, fixed by the conferees range from \$1.50 per thousand instead of \$1.00, cigars weighing three pounds or less per thousand to \$1.50 per thousand and fifty per cent increase on cigars sold in excess of twenty cents each. Cigarettes are taxed \$1.00 per thousand and instead of \$2.05 on those weighing not more than three pounds per thousand, and \$7.20 per thousand, instead of \$4.80 on cigarettes weighing more.

Tobaccos and snuff are taxed 18 cents a pound, an increase of five cents.

Stringent provisions were adopted by the conferees to regulate dealers in leaf tobacco.

Amusement admission taxes in the bill, effective April 1, were increased only in a few instances, the general rate of one cent on each ten cents or fraction paid being retained after petitions bearing thousands of names were received protesting against an earlier agreement to double the rate.

Club dues are taxed ten per cent, the present rate, upon members of organizations charging more than \$10 annually.

Excise or manufacturers' sales taxes.

including so called luxuries covering a wide range of articles include: Automobile trucks and wagons, excepting tractors and their tires and accessories, three per cent, the present rate; automobiles and motorcycles and accessories 5 per cent, on increase of two per cent; pianos, organs (excepting pipe organs) players, talking machines, music boxes and records, five per cent, increase two per cent.

Sporting or athletic goods, etc., ten per cent, increased from 3 per cent, chewing gum three per cent, increased one per cent, cameras 10 per cent, increased from 3 per cent; photographic films and plates five per cent, a new tax, candy five per cent, a new tax, five items and portable electric fans five per cent, a new tax; thermos bottles five per cent, a new tax; fur articles ten per cent, a new tax; yachts and motor boats for pleasure purposes, and canoes costing more than \$15 ten per cent, a new tax; toilet soaps and soap powders 3 per cent; sculpture, painting, statuary and other art works ten per cent, with tax exemption those sold to educational institutions or public art museums.

Semi-luxury tax of one per cent, effective May 1, next, are retained although reported subject to possible modification later by separate resolutions. They are to be charged consumers of high priced personal wear and returnable to the treasury by retailers. The ten per cent tax is levied on the excess paid above cost and it is prescribed for various articles, including the following:

Carpets and rugs, except of wool, \$5 per square yard, picture frames \$10 each, trunk \$50, valises, traveling bags, suit cases, hat boxes and fitted toilet cases, \$25; purse, pocket books, shopping and hand bags \$7.50; portable lighting fixtures, including lamps and shades, \$25; umbrellas, parasols and sunshades, \$4; house or smoking coats on jackets and bath lounging robes \$7.50, men's separate waist coats \$5; women's and misses hats, bonnets and caps, \$15; men's and boys' hats \$5; men's and boys' caps \$2; boots, shoes, pumps and slippers \$10 per pair, with special appliances for crippled persons exempted; men's and boys' neckties and neckwear \$2; men's and boys' silk stockings or hose \$1 per pair; women's and misses silk stockings or hose \$2 per pair; men's shirts \$2 each; pajamas, night gowns and underwear \$5 each; kilimons, pretty coats and waistls \$15 each.

Jewelry and imitations, precious stones, clocks, watches and similar articles are taxed five per cent, a new tax effective April 1, when sold by dealers.

Moving picture leases or licenses are taxed five per cent of their total monthly rentals in lieu of the present tax on films.

Perfumes, toilet waters, cosmetics, tooth and mouth washes, pills, powders, patent medicines and similar articles are subject to a retail sales tax, effective May 1 and payable by purchasers, of one cent on each 25 cents paid, in lieu of present stamp taxes.

Special taxes provide for retention of the \$1 capital stock tax of corporations and make levies effective January 1, upon brokers, theatres, concert halls, etc., bowling alleys, billiard and pool tables, shooting galleries, taxicabs and eight seeling cars.

Special taxes on cigar and cigarette manufacturers also were retained.

Yachts, pleasure boats, power and motor boat taxes also were approved, with taxes based on net tonnage and at double present rates.

Stamp taxes as now provided by law were kept in the bill, including one cent for each 25 cents or fraction on parcels sent by parcel post.

The conferees made many amendments in important administrative and basic, interpretative sections of the war excess profits, income tax and other sections of the bill. Among these was retention of a modified provision for consolidated tax returns of affiliated corporations, except those with war contracts. Another defining corporate dividends, affects stock dividends and provides, briefly, that stock dividends shall be considered as "income" to the amount of earnings or profits distributed.

Provisions for allowance of net losses, recently discovered losses, submission of inventories and for exemptions from income taxes for those in the military establishment were other important amendments retained in the bill.

**Exhibits Old Land Grant.**

J. R. Ellis, well known as a member of Co. B, Old Guard, of this city, was exhibiting an old land grant yesterday through his aunt, Mrs. Sarah Thompson of Wilson street, and which was signed by President Andrew Jackson on April 21, 1837, being a deed for 40 acres of land in Hanover township. The writing is on the best of parchment and still legible.

**Hale on State Committee.**

Myron T. Cooper of Cincinnati, president of the Ohio Fair Boys, has honored the local agricultural society by placing its secretary, Harry D. Hale, on the executive board of the state association. President Cooper said in naming the committee: "The annual meeting held in Columbus was wonderfully helpful and sent the boys home determined to inspire a better and a bigger fair in 1919. Your counsel and advice in constructive fair work will be frequently sought in the work of this important committee."

**Hanover Methodist.**

The pastor, the Rev. J. Emory Walker, will preach at 2 p. m.; Sunday school at 10 a. m.; official board Monday evening at 7:30 o'clock.

**Is Discharged.**

Sgt. Howard Wilson, who has been in the intelligence department at Camp Sherman, has been discharged and returned to Newark.

**Home From Washington.**

Master Electrician, J. Edwin Smith, has returned to his home in Granville street. He has been stationed at Vancouver Barracks, at Vancouver, Wash., in the spruce division.

**Police Court.**

Two regulars faced Mayor Atherton in police court today and were given the usual \$5 and costs and remanded back to the city prison. Two young men from the B. & O. shops got into an altercation in the yards yesterday while on their way to dinner and one took a pot at the other closing an optic for which he paid a fine of \$5 and costs in police court this morning.

**Lindsay on Furlough.**

Charles Lindsay, formerly with the Central Power Company, is home from abroad, having sailed from the coast of Scotland, and arrived in this country last Sunday. He was sent to Camp Sherman and arrived in the city last night on a short furlough. He will return to Camp Sherman to be mustered out of the service.

**800 HOURS WORK FOR  
RED CROSS GETS HONOR**

National headquarters of the Red Cross has authorized the issuance of certificates to men and women workers who carry with them the right to purchase and wear the Red Cross official general service insignia.

The insignia for women workers will be a badge with ribbon, bar and safety catch, and a button for the men for the coat lapel. The certificate is given to those workers who have given a minimum of 800 hours in not less than six months time.

All workers who have given the required service have been requested to make out the exact number of hours and the months in which they served and hand them in at the Red Cross office. This record will be signed by the worker and presented as soon as possible. The insignia may be purchased or not, as the individual may decide. The certificate is given free.

Every ingredient is in concentrated form and the medicine is so strong that only ten-drop doses are to be taken in the "raw" state. But the ideal way to make into syrup by emptying a 1/2-oz. bottle of Menth-o-Laxene into a pint bottle and then fill the bottle with granulated sugar syrup, made by dissolving a pint of sugar in a half pint of boiling water. It is said by thousands that this makes a most effective home treatment for all cold troubles. The manufacturer guarantees it to please or money back. Sold by all good druggists. (Adv.)

**MOTHER'S**

Do you realize the importance of your daughter being properly fitted in a Corset?

Growing girls often neglect themselves. So it is up to mothers to see and watch the child. We have added to our line, both junior and misses, a garment which will not only mold the figure, but give the proper support.

We deem it a privilege to fit her without extra charge.

## BOWSER FINISHES ELLIS QUICKLY

Newark Wrestler Shows Columbus Fans Speed In Best Bout on Program.

Paul Bowser, middleweight champion, won from Ellis the Boston Greek at the big show of the Quality Club at Columbus last evening. The local winner won in straight falls, and the Columbus papers state that it was by far the best match of the evening and furnished plenty of action, especially in the first session. It took Bowser eight minutes and 50 seconds to put the Greek's shoulders to the mat for the first fall, which was secured with a head scissors and bar hold.

Back for the second fall Bowser went after his man as if he intended to show his followers at the ringside just what he could do. In less than three minutes he had the shoulders of his opponent pinned to the mat, using a leg scissors and an arm bar to bring the winner.

Wladek Zbyszko, the giant Pole, won from Renaldo Gardini, the Italian champion, in straight falls, the first in 37 minutes with a toe hold, and the second in three minutes and 11 seconds with a bar-arm.

Citations.

The commander in chief, in the name

of the President, has awarded the distinguished service cross to officers and soldiers for the acts of extraordinary heroism.

The only Ohio citation was as follows:

First Lieutenant Michael J. Hayes,

deceased, 36th Infantry. For repeated acts of extraordinary heroism in action

at Brozecourt, France, August 14, 1918, and St. Juvigny, France, October 14, 1918.

On August 14 Lieut. Hayes led a patrol of five men in broad daylight and with out any cover received his company commander who had fallen wounded near a German machine-gum nest. Fearing to find the wounded officer, he crawled to within 20 yards of the post, attacked it with great dash and gallantry, inflicting a number of casualties in spite of heavy fire from enemy machine-guns and hand-grenades. On October 14th this officer led his platoon forward into the attack with energy and courage, in the face of heavy artillery and machine gun fire. In face of intense fire from enemy machine-guns upon his platoon, disregarding his own personal safety, he went forward to reconnoiter and find cover for his men from which to continue the attack. In the performance of his courageous enterprise he was killed by machine gun fire. Next of kin, Mrs. Julia Hayes, mother, 9214 Empire Avenue, Cleveland, O.
